The 45 spacious villas, in pastel-hued town houses domed with distinctive cupolas, have marble bathrooms, island-style furnishings, and terraces. The suites offering private swimming pools and jacuzzis, are models of fresh minimalism originally inspired by the simple island lodges, and "barefoot chic" philosophy, found throughout Santorini, while the Presidential Villa is a masterpiece of luxury and style

The old vaulted dining room "Vinsanto" is the most exclusive restaurant of the island serving Mediterranean cuisine whilst the "Pergola" pool restaurant offers light meals and Greek specialties.
